Exploring your mortgage options

Do you wish to take out a loan for your house? For example because you wish to purchase a house or to change your home loan as you have reached the end of a fixed rate period? In these case, this document explains how we can help you and what our services will cost you. When you are looking for a mortgage you need to consider several matters, such as:

- The amount you wish to borrow.
- You will pay monthly for the loan. The interest rates are not the same with every bank or insurance company.
- You need to pay off the loan. This can be done in several ways. You need to consider different options.
- Sometimes it is a wise idea to take out an insurance with the loan.

In this document you can read whether we can help you answer these questions, how we can help you and an indication of what the charges will be.
